**BACKGROUND —**

On October 21, 1996, by Roll Call No. 96-3597, the City Council adopted the 1996-97/2001-2002 CIP. I hereby request Council authorization to proceed with these Capital Improvements Projects.

1. Police Station Bloodborne Pathogen Storage, page 132 in the adopted CIP - \$70,000 estimated cost. This project provides for remodeling an area in the Identification Section for short-term storage of biohazard evidence and remodeling two areas in the police garage for drying blood evidence and processing large evidentiary items.
2. Police Station Community Services Storage, page 139 in the adopted CIP - \$5,000 estimated cost. This project will provide for construction of a storage building at the Crime Prevention Building, 106 SE 1st Street. This building will be used for storage of miscellaneous equipment used by the Community Services Section and the Des Moines Police Explorers. This will replace storage lost during the Flood of '93. This project may be done with City crews.
