ADDITIONAL INFORMATION:

- Two (2) existing automated collection system containers used in conjunction with existing front loading refuse trucks in the collection of municipal solid waste, recyclables, and yard waste were identified and approved for replacement by the Fleet Oversight Committee.
- The recommended purchase of replacement container systems is compatible with existing front loading refuse trucks and were included in an initial five (5) year replacement plan for Solid Waste Division assets. The equipment is autonomous to a specific front loading refuse truck and can be used on any of the six (6) front loading units for collection of any of the various waste streams.
