STAFF RECOMMENDATION AND BASIS FOR APPROVAL

Staff recommends approval of the City initiated vacation subject to reservation of easements for protection and maintenance for all utilities in place. No conveyance of the property is recommended at this time.

STAFF REPORT

I. GENERAL INFORMATION

1. Purpose of Request: This request is in response to proposed development of a church on property located at 1002 SE 27th Court. Vacation of the public right-of-way allows more building and parking setback flexibility for development of the church.

2. **Size of Site:** 50' x 360' segment of right-of-way or 18,000 square feet (0.41 acres)
3. **Existing Zoning (site):** "R-2" One and Two-Family Residential District
4. **Existing Land Use (site):** Vacant land
5. **Adjacent Land Use and Zoning:**
 - South* – "R-2", Use is railroad road property within the proposed study corridor for the future southeast connector.
 - East* – "R-2", Use is vacant land.
 - West* – "R-2", Use is vacant land proposed for church site.
6. **General Neighborhood/Area Land Uses:** The surrounding neighborhood known generally as the Chesterfield area contains a mix of residential and industrial uses.
7. **Applicable Recognized Neighborhood(s):** N/A
8. **Relevant Zoning History:** On February 22, 2006 the Zoning Board of Adjustment granted various zoning appeal relief for required setbacks of parking and buildings for a proposed new Bread of Life Church of God and Christ on the adjoining property at 1002 SE 27th Court. This relief was granted contingent on vacation of the subject right-of-way.
9. **2020 Community Character Land Use Plan Designation:** General Industrial
10. **Applicable Regulations:** The Commission reviews all proposals to vacate land dedicated for a specific public purpose, such as for streets and parks, to determine whether the land is still needed for such purpose or may be released (vacated) for other use. The recommendation of the Commission is forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. **Utilities:** There is an existing sanitary sewer within the subject segment of street right-of-way. There are no active services on this line at this time, however easements should be maintained until the sewer is abandoned.
2. **Traffic/Street System:** The segment of street right-of-way is currently undeveloped and terminates to the south at property owned by the Norfolk Southern Railway. The City owns vacant land that would require a portion of the subject right-of-way for access to an open public street. Although there are no specific requests for conveyance at this time, access for this property should be maintained when looking at conveyance of any portion of the subject right-of-way in the future.
