 - d) The construction of the Improvements is a speculative venture and the construction and resulting employment and redevelopment opportunities will not occur without the economic incentives provided by the Development Agreement.
 - e) The construction of the Improvements pursuant to this Agreement, is in the vital and best interests of City and the health, safety, morals, and welfare of its residents, and in accord with the public purposes and provisions of the applicable state and local laws and requirements under which the Metro Center Urban Renewal Project has been undertaken, and warrant the provision of the economic assistance set forth in the Development Agreement.
