Regarding: Would like the council to reconsider the transient vendor closing time of 1:30 am and suggest that it be changed to 2:30 am. Fong's is able to stay open until 3:00 am. Most patrons of that establishment congregate outside on the sidewalk after bar closing time. Fong's can only handle so much business and many are not able to be served because of the tremendous volume. The vendors (only 2at this time) are forced to close down just when the business starts to come. It's like saying vendors can't be open for lunch or dinner (peak time). Additionally with the increased police support downtown during this time now, it should be a safer environment. Other cities, like Ames, allow vending, and actually encourage it, as food and time are needed to help sober up potentially unsafe drivers. We are trying to provide a needed service, but are not allowed to do so with the current time restriction.
