WHEREAS, the Infrastructure Investment and Jobs Act provided funds across three programs to invest in projects of national or regional significance – the National Infrastructure Project Assistance grants program, the Nationally Significant Multimodal Freight and Highways Projects grants program, (Infrastructure for Rebuilding America or INFRA), and the Rural Surface Transportation Grant program; and

WHEREAS, up to \$3.1 billion is available for the INFRA program; and

WHEREAS, the Southeast Connector is a surface transportation project that satisfies many of the selection criteria and aligns well with the Administration’s priorities on several points; and

WHEREAS, following completion of the Environmental Impact Statement, the Record of Decision for the Southeast Connector was approved by the Federal Highway Administration on May 27, 2010; and

WHEREAS, the City of Des Moines Engineering Department is preparing a grant application to construct the Southeast Connector from SE 30th Street to U.S. Highway 65; and

WHEREAS, the total construction cost is estimated to be \$59 million, with the INFRA Grant amount of \$35 million; and

WHEREAS, the City Engineer recommends that the City Council authorize the Southeast Connector – SE 30th Street to U.S. Highway 65 application for a DOT INFRA Grant.
