Agenda Item 24

Roll Call # \_\_\_\_\_

March 12, 2024

Communication from the City Plan and Zoning Commission advising that at their March 7, 2024 meeting, the following action was taken for request from Wat Lao Buddhavath of Iowa (owner), represented by Phetsamone Dary (officer), for the following regarding two (2) parcels located in the vicinity of 1806 East Park Avenue:

- A) Determination as to whether the requested rezoning is in conformance with the PlanDSM Creating Our Tomorrow Comprehensive Plan.
  
- B) Rezone approximately the northernmost 50 feet of the two (2) parcels from “N3a” Neighborhood District to “P2” Public, Civic, and Institutional District, to allow construction of an open-air accessory building for meditation and other uses associated with an “Assembly, Place of Worship” use

**COMMISSION RECOMMENDATION:**

After public hearing, the members voted 14-0-0 as follows.

Commission Action:	Yes	Nays	Pass	Abstain	Absent
Francis Boggus	X				
Leah Rudolphi	X				
Abby Chungath	X				
Kayla Berkson	X				
Chris Draper	X

Emily Webb	X				
Katie Gillette	X				
Rick Trower	X				

**Approval of Part A)** Approval that requested “P2” District is found in conformance with the existing PlanDSM future land use designation of Low Density Residential.

**Part B)** Approval of the request to rezone the property from “N3a” Neighborhood District to “P2” Public, Civic, and Institutional District, subject the condition that the subject property shall be combined with the property adjacent to the north in accordance with a Plat of Survey that provides easements for all existing utilities.

### **STAFF RECOMMENDATION TO THE P&Z COMMISSION**

**Part A)** Staff recommends that the requested “P2” District be found in conformance with the existing PlanDSM future land use designation of Low Density Residential..

**Part B)** Staff recommends approval of the request to rezone the property from “N3a” Neighborhood District to “P2” Public, Civic, and Institutional District, subject the condition that the subject property shall be combined with the property adjacent to the north in accordance with a Plat of Survey that provides easements for all existing utilities.

### **STAFF REPORT TO THE PLANNING COMMISSION**

#### **I. GENERAL INFORMATION**

- 1. Purpose of Request:** The applicant is proposing to construct a 3,200-square foot open-air accessory building for meditation and other uses associated with an existing temple immediately to the north of the site. The proposed structure would encroach onto two (2) one-household residential properties currently zoned “N3a” Neighborhood District. Therefore, the northernmost 50 feet of these properties must be rezoned “P2” District in order to allow the proposed building accessory to the “Assembly, Place of Worship” use, to extend into the properties to the south.

Any future construction or redevelopment of the subject properties must comply with all applicable site plan and design regulations contained in the Planning and Design Ordinance (Chapter 135 of City Code).

- 2. Size of Site:** 0.28 acres (12,083 square feet).
- 3. Existing Zoning (site):** “N3a” Neighborhood District.
- 4. Existing Land Use (site):** The site is comprised of the rear yard areas of two (2) one-household residential lots, and includes part of a driveway, an accessory structure, and part of an outdoor ball court.
- 5. Adjacent Land Use and Zoning:**
  - North** – “P2”; Use is a place of worship.
  - South** – “N3a”; Use is one-household residential.
  - East** – “N3a”; Use is one-household residential.
  - West** – “N3a”; Use is one-household residential.

6. **General Neighborhood/Area Land Uses:** The subject property is located to the north of East Park Avenue. The surrounding area is predominantly residential and consists of one-household residential dwelling units.
7. **Applicable Recognized Neighborhood(s):** The subject property is located in the Pioneer Park Neighborhood Association. All neighborhood associations were notified of the March 7, 2024, public hearing by emailing the Preliminary Agenda on February 16, 2024, and the Final Agenda on March 1, 2024. Additionally, separate notifications of the hearing for this specific item were mailed on February 16, 2024 (20 days prior to the public hearing) and February 26, 2024 (10 days prior to the public hearing) to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site.

All notices are mailed to the primary contact(s) designated by the recognized neighborhood association to the City of Des Moines Neighborhood Services Department on the date of the mailing. The Pioneer Park Neighborhood mailings were sent to Scott Jimmerson, 1907 East Lacona Avenue, Des Moines, IA 50320.

The applicant can provide a summary of the neighborhood meeting at the public hearing.

8. **Relevant Zoning History:** On August 22, 2018, The Zoning Board of Adjustment, by Docket Number ZON-2018-00156, granted the applicant a Special Permit for an institution of religious character, an Exception of 2,000 square feet of lot area less than the minimum 10,000 square feet of lot area required for a single-family residential use, and an Exception of 15 feet less than the minimum 30-foot rear yard setback required for each single-family dwelling. The appeals would have allowed reconfiguration of four (4) existing parcels, subject to the following conditions:
1. Any assembly building must comply with all applicable Building Codes and Site Plan regulations with all necessary permits issued by the Permit and Development Center.
  2. Any division of property must comply with the applicable provisions in Chapter 106 of the City Code.
  3. Any assembly building shall have a design and materials reviewed by the Planning Director prior to issuance of any permit to ensure compatibility with the existing campus and surrounding residential neighborhood.

However, the relief granted by the Board to the applicant has since expired since the applicant did not commence that project within two (2) years of the Zoning Board of Adjustment's approval.

9. **PlanDSM: Creating Our Tomorrow Plan Land Use Plan Designation:** Low Density Residential.
10. **Applicable Regulations:** Taking into consideration the criteria set forth in Chapter 18B of the Iowa Code, the Commission reviews all proposals to amend zoning boundaries or regulations within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in 414.3 of the Iowa Code. The Commission may make recommendations to the City Council on conditions to be made in addition to the existing regulations so long

as the subject property owner agrees to them in writing. The recommendation of the Commission will be forwarded to the City Council.

## II. ADDITIONAL APPLICABLE INFORMATION

1. **PlanDSM: Creating Our Tomorrow:** The subject property is designated as “Low Density Residential” on the Comprehensive Land Use Map. PlanDSM describes the designation as follows:

*Low Density Residential: Areas developed with primarily single family and two-family residential units with up to 6 dwelling units per net acre.*

The applicant is proposing to rezone the northernmost 50 feet of two (2) parcels from “N3a” Neighborhood District to “P2” Public, Civic, and Institutional District to allow encroachment of the proposed accessory structure. The Zoning Ordinance describes the “N3a” District as, “intended to preserve the scale and character of residential neighborhoods developed predominantly during the 1950s, 1960s, and 1970s, typically in the ranch or split-level style pursuant to House B building type in section 135-2.14 of this code.” The Zoning Ordinance describes the “P2” District as, “intended for civic and institutional facilities, such as religious assembly places, cultural or arts centers, community centers, schools, infrastructure, recreational facilities, and other institutional facilities. Infrastructure includes public or private infrastructure, including rail corridors and utility corridors or sites.”

Staff believes the proposed rezoning to “P2” District is in conformance with the existing land use designation. The proposed rezoning is to allow an accessory structure for an existing use. The subject property is located in an area that is primarily low density residential. The proposed accessory building to an existing use would not have a negative impact on the surrounding properties so long as the structure is designed and built according to applicable City Design and Building Codes.

2. **Utilities:** There is an existing City of Des Moines owned 8-Inch gravity sanitary sewer running northeast/southwest across the western parcel. A 30-foot wide sanitary sewer easement should be provided. No structure should be constructed over this existing sanitary sewer or sanitary sewer easement.
3. **Planning and Design Ordinance:** Any future construction or redevelopment of the subject properties must comply with all applicable site plan and design regulations contained in the Planning and Design Ordinance (Chapter 135 of City Code). Following rezoning, the two (2) parcels should be platted to be combined with the parcel to the north.

## SUMMARY OF DISCUSSION

Michael Delp presented the staff report and recommendation.

Chris Draper stated that this structure is just an open-air shelter and asked what has triggered the need to come before commission.

Michael Delp noted that it is a permanent structure, and the trigger is related to the location of the structure and the existing zoning of that parcel not supporting the proposed use.

### **CHAIRPERSON OPENED THE PUBLIC HEARING**

Tim Hielkema with TH2 ArchPlan, 1405 SE 1<sup>st</sup> Street explained the layout of the property. The shelter is to be used for educational purposes along with shelter from rain during their June festivals. He noted that only one of the three homes on the property was rented and the other two are used by the temple for guests. Overall, they continue to maintain a nice area for the Buddhist community.

George Foertse of 1836 East Park Avenue shared concerns with adding a new building and controlling storm run off to the south area as a result.

Tim Hielkema responded they are going through the site plan review process. He does not believe that the project will change any of the current storm runoff. They are willing to work on the site plan to address any future concerns.

### **CHAIRPERSON CLOSED THE PUBLIC HEARING**

#### **COMMISSION ACTION:**

Chris Draper made a motion approval of the following:

Part A) Approval that requested "P2" District is found in conformance with the existing PlanDSM future land use designation of Low Density Residential.

Part B) Approval of the request to rezone the property from "N3a" Neighborhood District to "P2" Public, Civic, and Institutional District, subject the condition that the subject property shall be combined with the property adjacent to the north in accordance with a Plat of Survey that provides easements for all existing utilities.

# NEIGHBORHOOD MEETING FOR THE REZONING OF A PORTION OF THE WAT LAO BUDDHAVATH CAMPUS

Location: At the Sala (Main Worship Hall)  
1806 East Park Avenue

Date: February 29, 2024

Time: 5:30-6:30 pm

## Explanation of Why the Rezoning is Being Requested

As a neighbor within close proximity to the Wat Lao Buddhavath, you are cordially invited to give your opinions on the proposed zoning of their property. They are requesting a zoning change from N3a to P2 to a portion of their campus to facilitate the building of an 80' x 40' open-air mediation/gathering building on the south side of their main campus.

The placement of this structure is based upon an interpretation of Buddhist beliefs that will keep the current central open space as open as possible to avoid crowding of the buildings and to provide an unobstructed view to the rest of the campus when entering from the main western entrance.

This will remove the rear 50' from the 2 most westerly residential lots to provide a proper setting for this building and so that it is zoned P2, like the rest of the Main Campus. In so doing, the residential lots along East Park Avenue will remain residentially zoned.

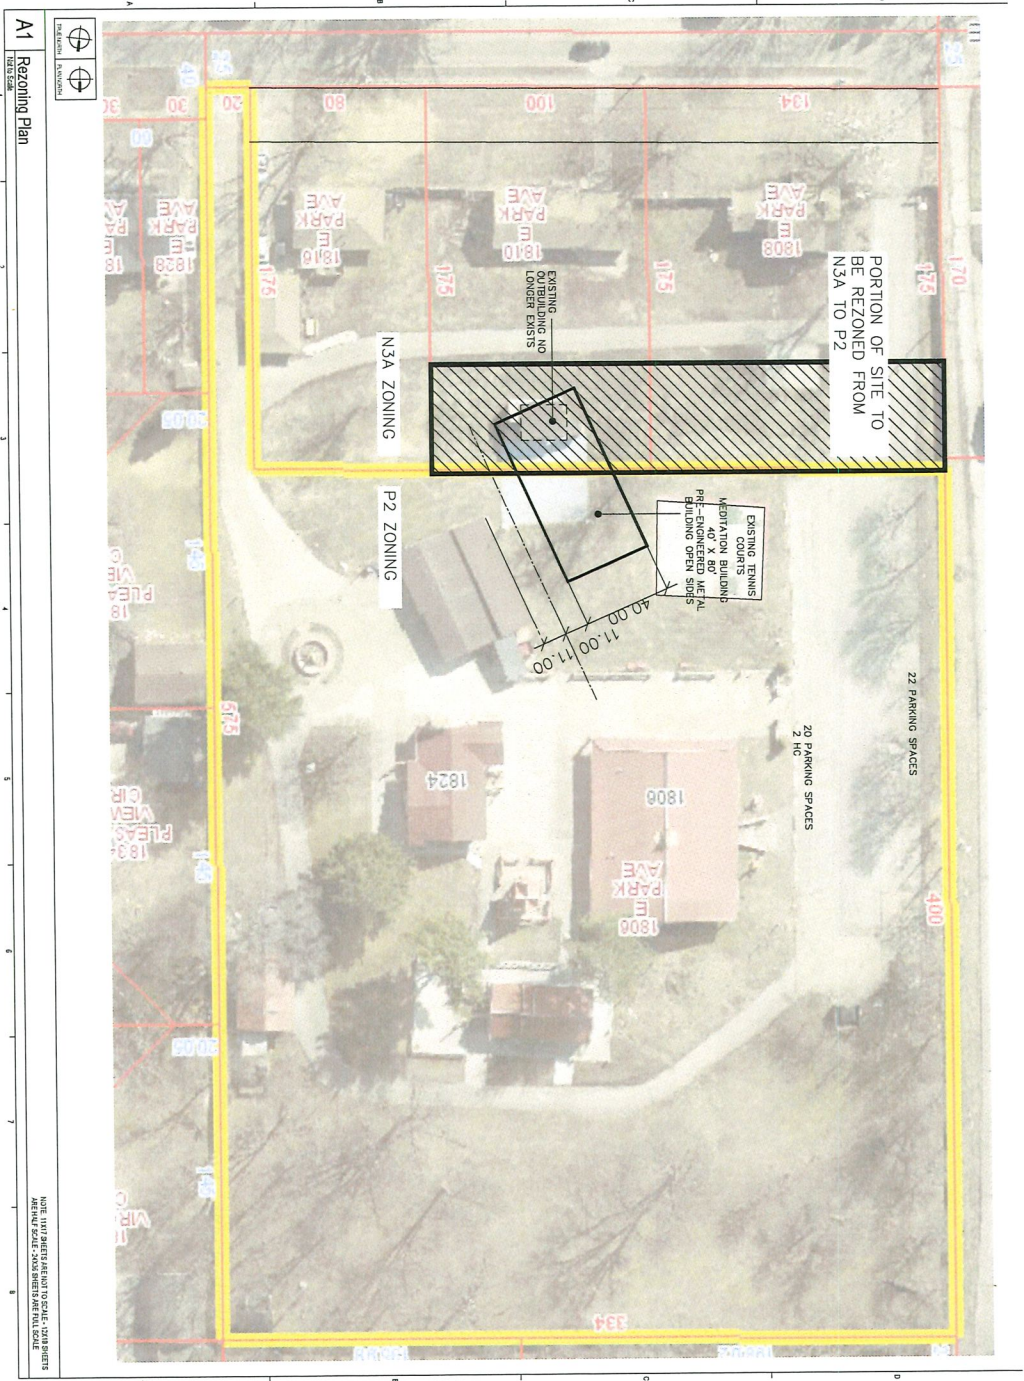

We believe that this is a reasonable request, and we hope that you agree.
